

# BALAMURUGAN K

## Career Objective

Desirous of an IT Service Management role in a challenging workplace that welcomes innovative ideas and offers growth opportunities and positive environment for accomplishing projects.

## Project

### Portfolio

The portfolio page should showcase your work in an organized and easy-to-navigate way. This can include images, videos, audio recordings, or any other media that best showcases your work.

### Student Management System

A Student Management System utilizing ReactJS for the frontend, NodeJS for the backend, and MongoDB for the database streamlines the administration and tracking of student records. This system enables real-time management of student data, class schedules, and academic performance through an interactive web interface. It provides a secure, scalable solution for efficient and organized student administration.

### Retail Management System

Developing a Retail Management System utilizing ReactJS for the frontend, NodeJS for the backend, and MongoDB for the database ensures a dynamic and efficient management of retail operations. This system facilitates real-time handling of inventory, sales transactions, and customer service requests through an interactive web interface. It provides secure, scalable data management, enhancing the overall administration for both admins and users.

## Professional Skills

**Front-End :** HTML, CSS, React JS, JavaScript

**Backend :** Nodejs

**Database :** MongoDB

Microsoft Excel
